Infertility Awareness Shabbat

April 5-6, 2019

This initiative aims to give a voice to the 1 in 8 men and women experiencing infertility. Too often, infertility is a silent struggle, such that you may not even be aware when your friend, family member or neighbor is suffering. The goal of this campaign is to build awareness about the effects of infertility and other family building challenges and to increase sensitivity towards the people in the Jewish community who are experiencing them.
